<p>Deaf Smoke Alarm</p> <p>Designed especially for Hearing Impaired or Deaf</p> <p>The main base unit is placed by the bed and a vibrating pad is placed under the pillow. Once the smoke detectors detect a fire, the system is activated, the strong strobe light flashes on the base unit and powerful under pillow pad vibrates to wake the heaviest sleeper. The system is extremely flexible and has the capacity to have up to nine additional detectors in different rooms. Can be connected to an existing fire alarm system.</p>		<p>Bay of Plenty</p>
